

Griffon Hoverwork Ltd

Quality, Health & Safety and Environmental Policy

Our mission at Griffon Hoverwork Ltd is to provide sustainable excellence in hovercraft, marine and related innovative technologies. To assure these objectives are realised, GHIL have established an Integrated Business Management System which incorporates the requirements of ISO 9001 for Quality Management, ISO 14001 for Environmental Management, ISO45001 for Health & Safety Management.

It is the policy of our company to maintain an effective and efficient Occupational Health and Safety, Environmental and Quality Management System, aligned to the company’s strategic objectives of developing people through good leadership at all levels, managing risk and delivering budgeted performance.

This is enabled through the company’s 5 year Business plan which is approved by the board in the first quarter of each financial year, and details specific objectives and measurements that fulfil this policy. The IBMS provides the processes by which the company will achieve these objectives
